

The following are some tips that may be useful as preventive measures and/or assist in loss reduction through cash handling procedures:

- * Keep a limited amount of cash on hand.
- * Make deposits as needed (don't "stockpile" or hold the day's or week's receipts for one large deposit, make several and make them unscheduled).
- * Don't let customers see large amounts on hand (count money out of open view).
- * Don't discuss quantity or normal amount of business. (How many times has someone asked if business is good or bad today, this week, etc.? Note; not all of them are planning to rob you, but if you or your employees discuss "business" like this on a regular basis, a robber could take note and come to "visit".
- * Consider using a "time-lock" or "drop" safe if necessary.
- * Refrain from making change and cashing checks, this could evolve into a problem for you and/or your business.

This topic can get very detailed, but with discussion, question/answer type presentations combined with continued employee training, your business could better prepare to reduce victimization and loss due to bad checks, credit card abuse/forgery and shoplifting. Please contact the Patrol Division Office of the Mount Vernon Police Department at (914) 665-3375 for further information.

Shopping Safety Tips

No one wants to become a victim of crime. Robbery, assault, burglary and theft are crimes that can happen to unaware citizens. Please take a few minutes to learn some tips on shopping safely.

Before You Leave Home .

Plan your shopping trip carefully. Know where you are going and what routes you will take to get there. If possible, arrange for a companion to go with you. There is safety in numbers. Let someone know where you are going and what route you are taking. Additionally, let them know when you expect to return.

When You Are Driving .

Keep all your doors locked at all times. Choose a well-lit and traveled route even if you believe it is out of your way. Never allow your full tank to become less than half full. Never pick up hitch hikers. Do not stop to help strangers. Call the police to assist them. Avoid confrontations with strangers or with others who might seek to follow you to continue the confrontation.

When You Park Your Car .

- Park in a well-lit area.
- If you are parking during the day and returning to your car after dark, check for street and building lights.
- ALWAYS lock all your doors.
- Remove all electronic items, such as calculators, radar detectors, and all packages from your car. Place them in the trunk or glove compartment, out of sight.
- Avoid parking near vans or other vehicles with covered cargo areas.
- Look around the parking lot for suspicious persons before you get out of your car.
- Avoid carrying large handbags. Carry only what is necessary.
- Shop in groups whenever possible. Use the "buddy system".
- Don't get out of your car until you are ready. If you don't feel safe, stay in the car or drive away.

When You Return to Your Car .

- Never leave the store with your arms full of packages. Use a courtesy cart.
- Have your car key in hand, ready to unlock your door.
- Check the parking lot for suspicious people and look around before you exit the store.
- If you feel unsafe, always ask the store security to assist you to your car.

CRIME PREVENTION TIPS

"A City that's Believes"

In Keeping You Safe

Crime Prevention Tips for Homeowners

Home Burglary Prevention's top 10 tips:

1. Make your house "hard." If it looks difficult to enter, is difficult to enter, and is well-maintained, chances are they will try somewhere else.
2. Place sufficient lighting in the front/back of your home and garage.
3. Use deadbolt locks as secondary locks on all doors. Ensure you have 2 1/2 - 3" screws in the door frame strike plate to reinforce deadbolt security.
4. Fortify your windows and sliding glass doors with secondary locks or dowels that fit securely in windows. Dowels can be made of wood, PVC pipe or metal. Secondary locks include eye and hook, charlie bars.
5. Secure your garage doors with a padlock or a sliding/cane bolt. Lock the door that leads into the house from the garage.
6. Develop rapport with neighbors. You are more apt to look out for each others' homes & property if you know each other.
7. Trim all landscaping below windows to avoid concealment areas.
8. Make sure your address is visible from the street so emergency personnel can quickly respond with ease.
9. Start a Neighborhood Block Watch Program by calling Mount Vernon Police Department's Patrol Division Office at (914) 665-3375
10. Get a dog. Dogs are a good deterrent to burglars.

Vehicle Safety

Park in a well lighted area so you can see your car and the surroundings from as far away as possible.

Have your car key ready before you approach the car so that you can make your entry into the vehicle as quickly as possible. When you are looking for your keys, you may be distracted from what is going on around you.

Glance into the back seat and floor boards of your car before you enter and check for anyone who may be hiding inside. This is particularly important if you drive a van type vehicle.

Always lock all doors whether you are in or out of your car. Keep the windows rolled up enough so an arm cannot be inserted through the opening. If you think you are being followed, do not go home. Go to a safe place such as a police station, fire station, business or other populated area.

During the Robbery

REMAIN CALM. DO NOT RESIST.

Do not try to be a hero. Take no action that would jeopardize your own safety.

Follow the robber's directions, but do not volunteer more than he asks for.

Advise the robber of any unusual moves you must make. Assure him you will cooperate.

If possible, activate the alarm only if you can do so safely without detection.

MAKE MENTAL NOTES

Make a mental note of the robber's race, age, height sex, clothing, complexion, color of hair and eyes, etc. Note anything unusual about the robber, such as scars or tattoos.

Note the number of accomplices and how they left the premises, direction of travel, type and color of the car and the license number.

Note type, size and color of the weapon.

Watch where the robber puts his or her hands or whether he or she touches anything. Fingerprints might be left behind.

AFTER THE ROBBERY

Call the police immediately after the robbery. The person who calls the police should be able to stay on the phone if the dispatcher requests.

Lock all doors and ask all witnesses to remain until the officers arrive. If a witness must leave, obtain his or her name and address.

All witnesses should write down a description of all the suspects. Do not discuss the robbery or compare notes about the robber's appearance with anyone.

Protect the crime scene. Do not touch anything.
